Story Circle Print-out Book No 8

Our House

CBeebies
BBC

This book was coloured in by _____

A cartoon illustration of a dog, possibly a bulldog, sitting and looking towards the left. It has a friendly expression and is standing on a small grey shadow.

Our House

Print off the pictures of all the rooms in Our House and have a good look inside. What can you see? What colours will you choose for the furniture, toys and all the bits and pieces?

What would you do if you were wandering around the house?

Would you be scared of the spider in the bathroom or would you make friends with it?

Would you pick up the book in one of the bedrooms and see what story it is telling?

How about eating some fruit in the front room and playing with the car?

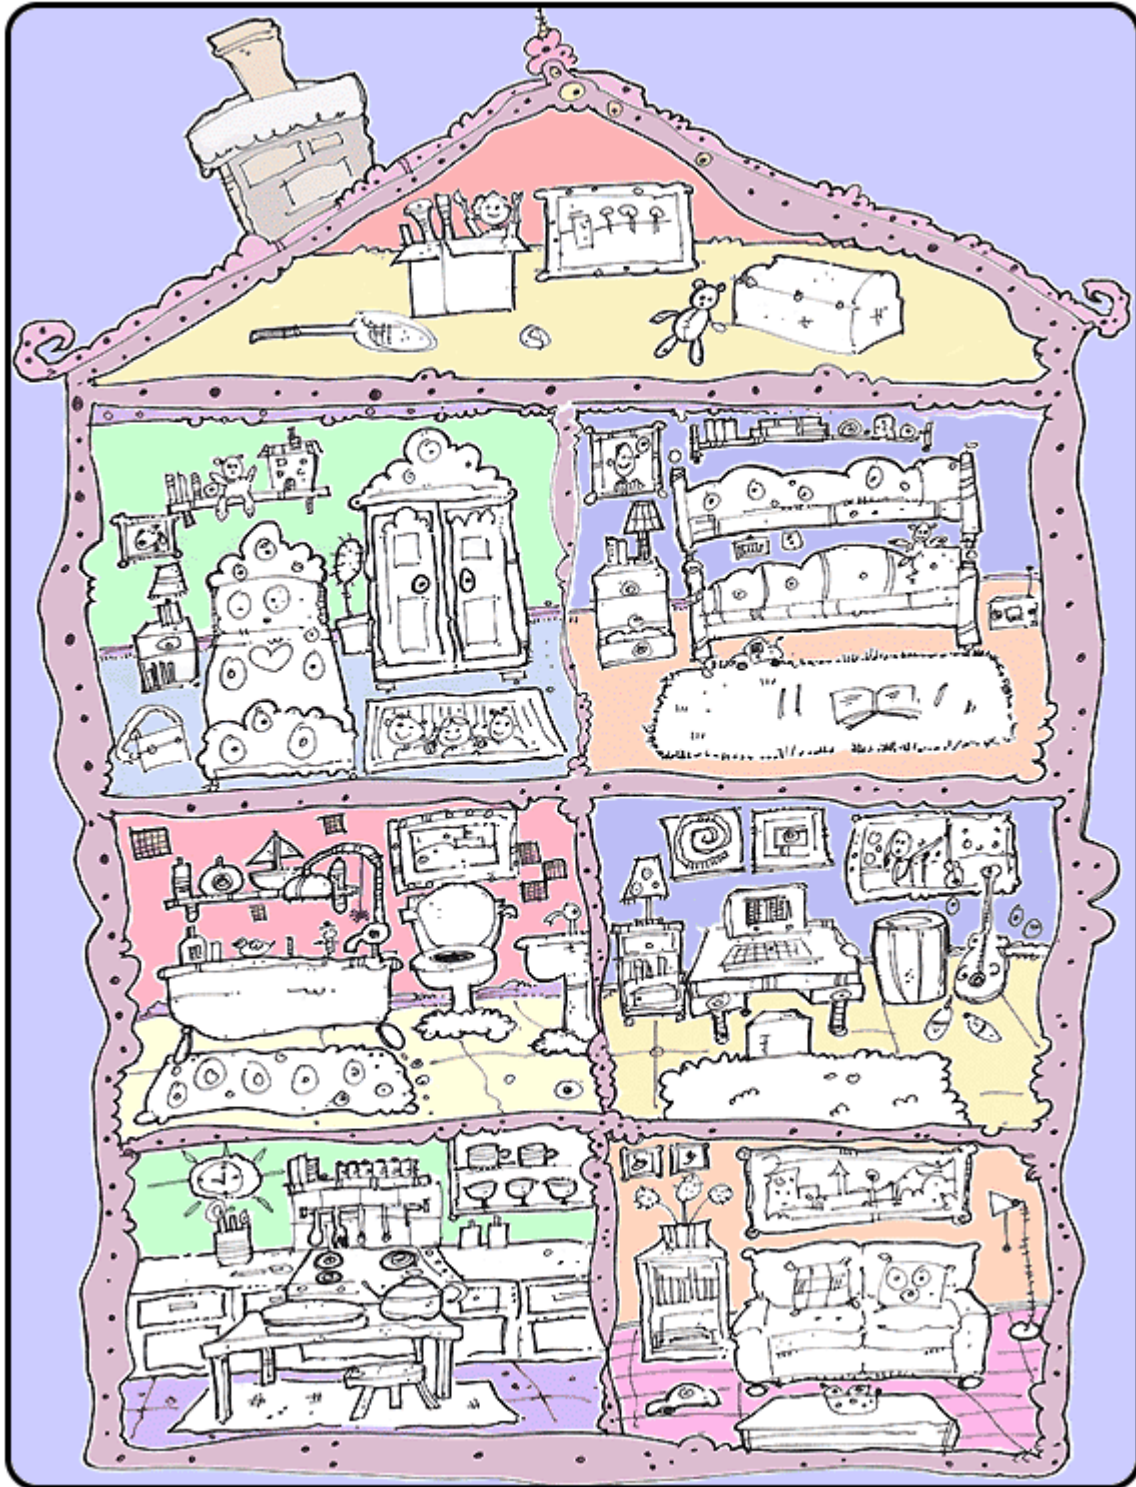

In the kitchen, can you imagine what sort of food would be being cooked?

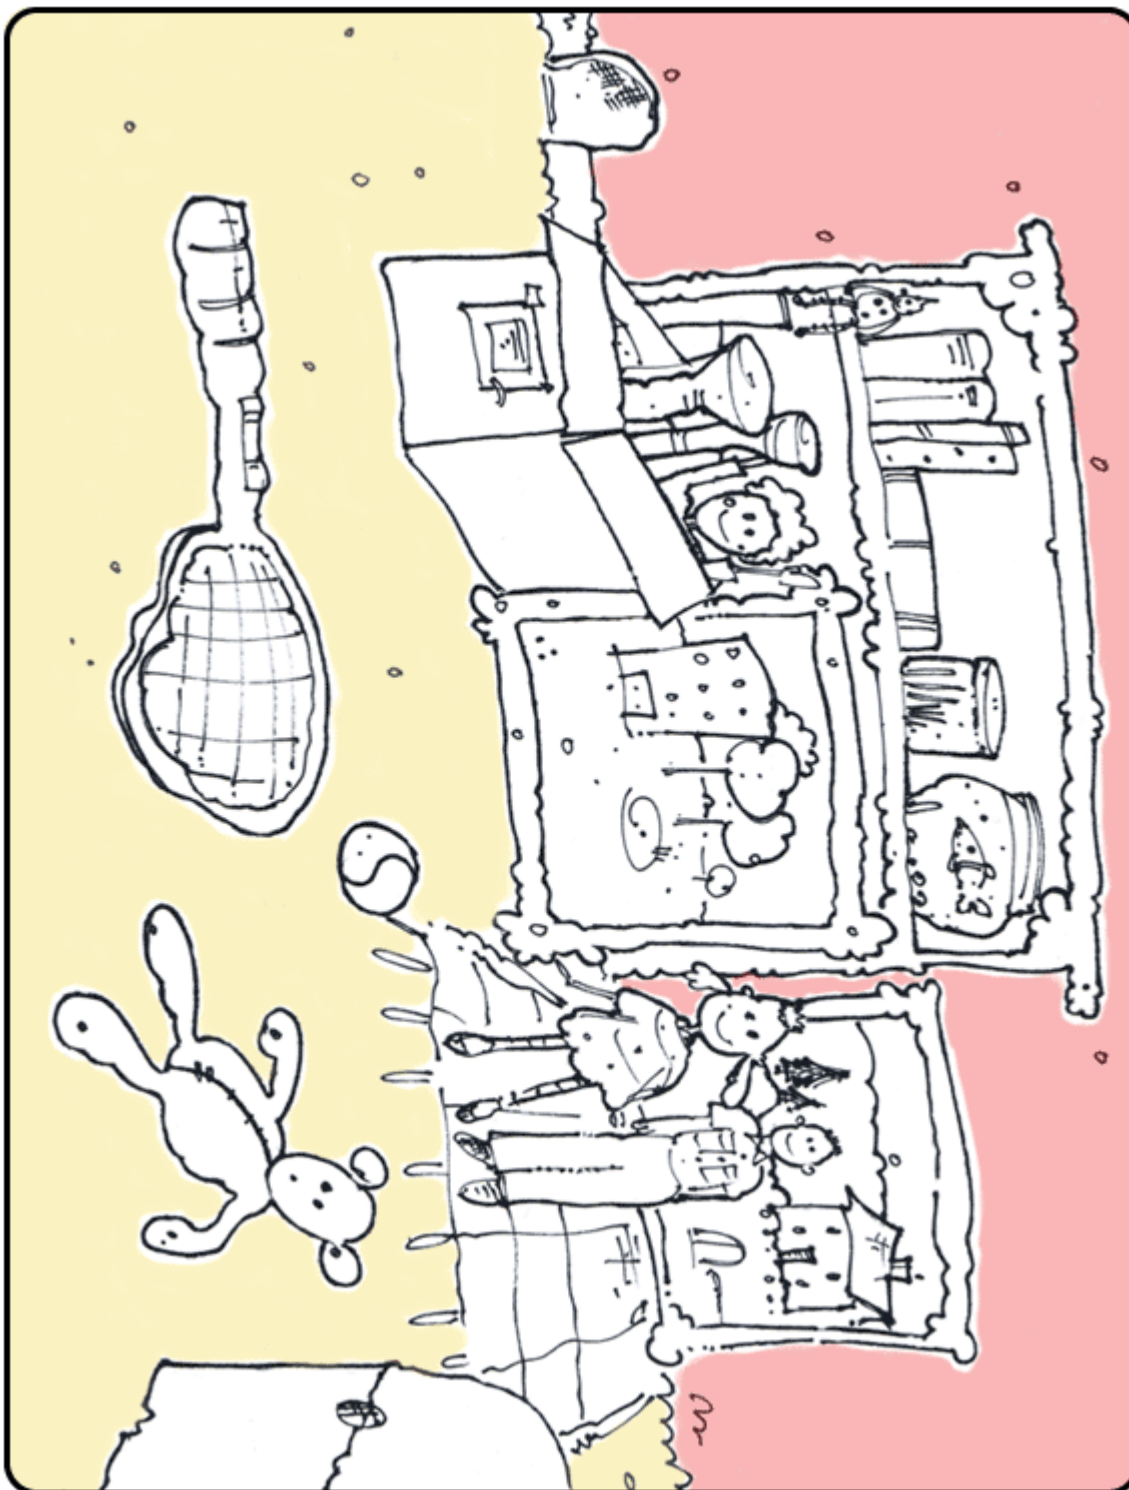

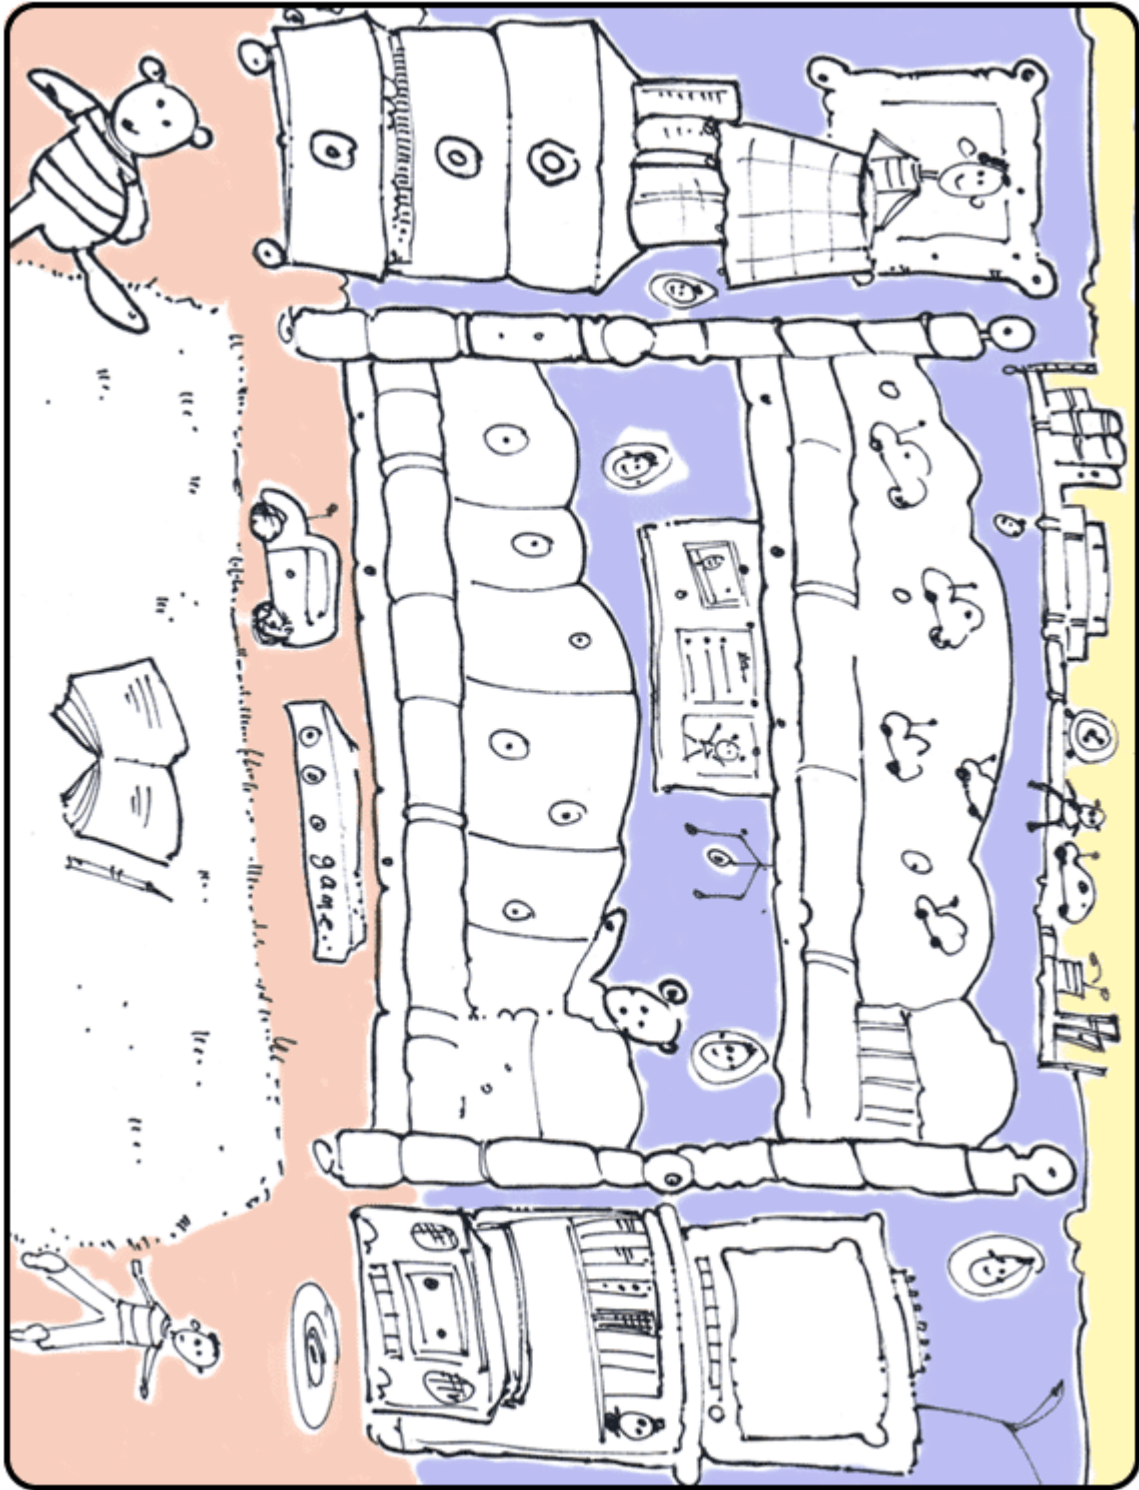

Up in the attic would you have a go with the old tennis racquet and ball?

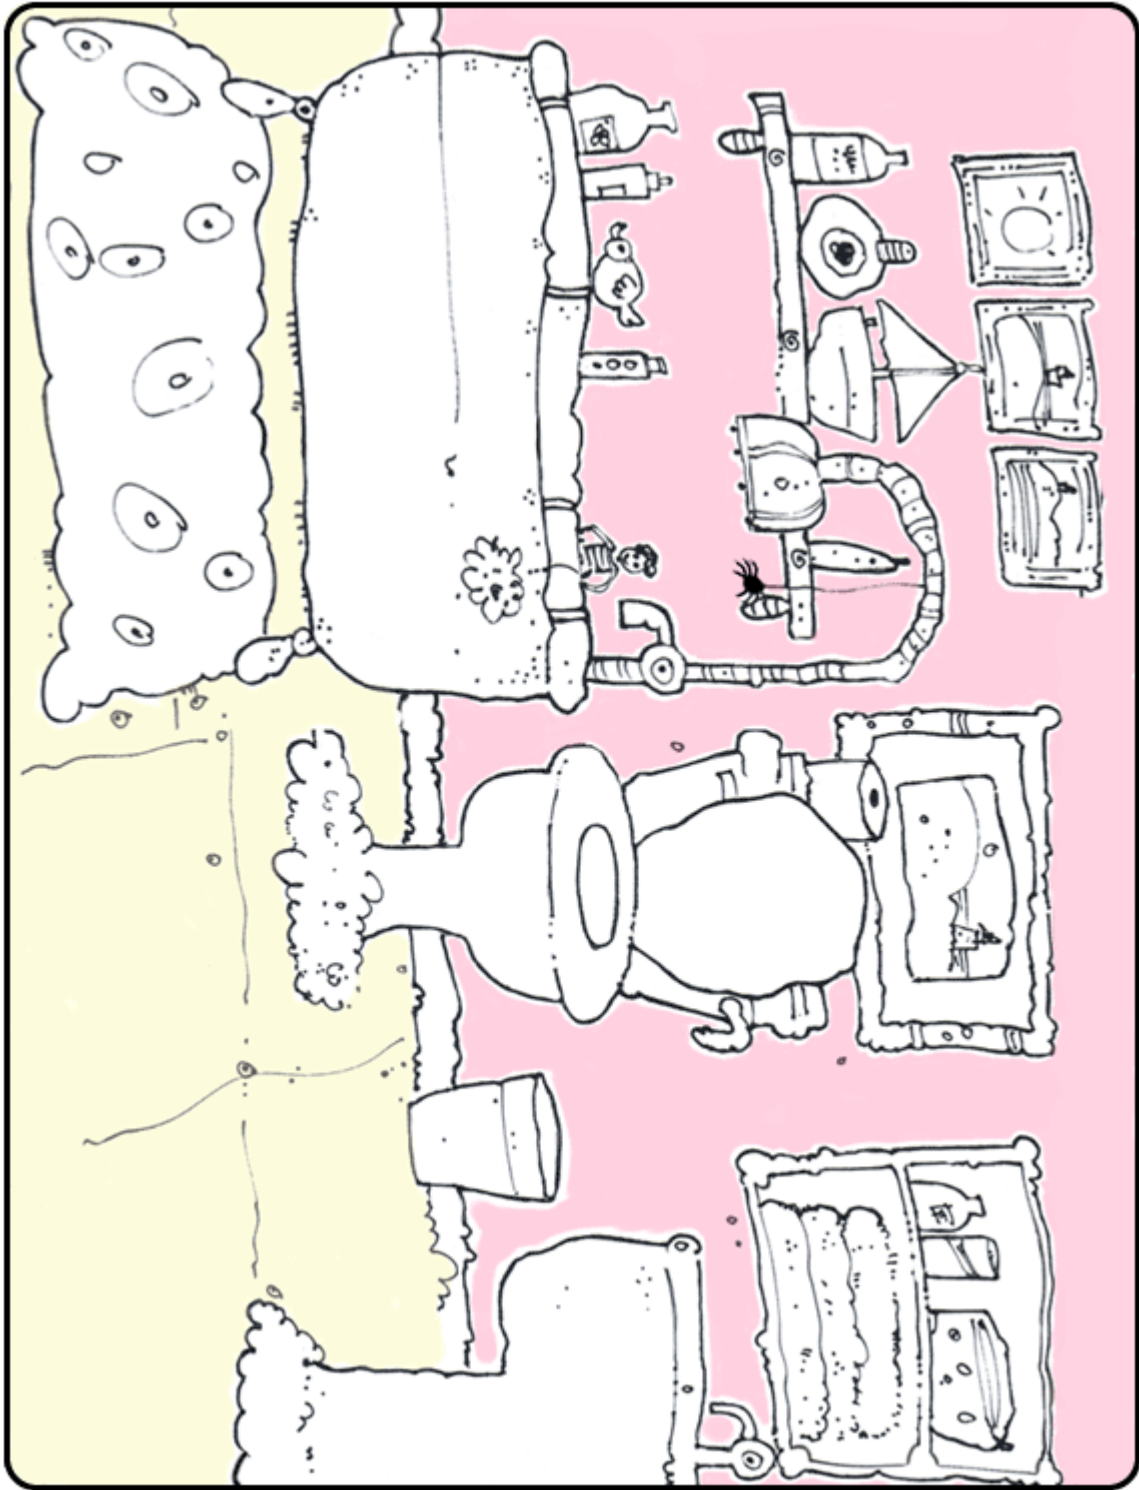

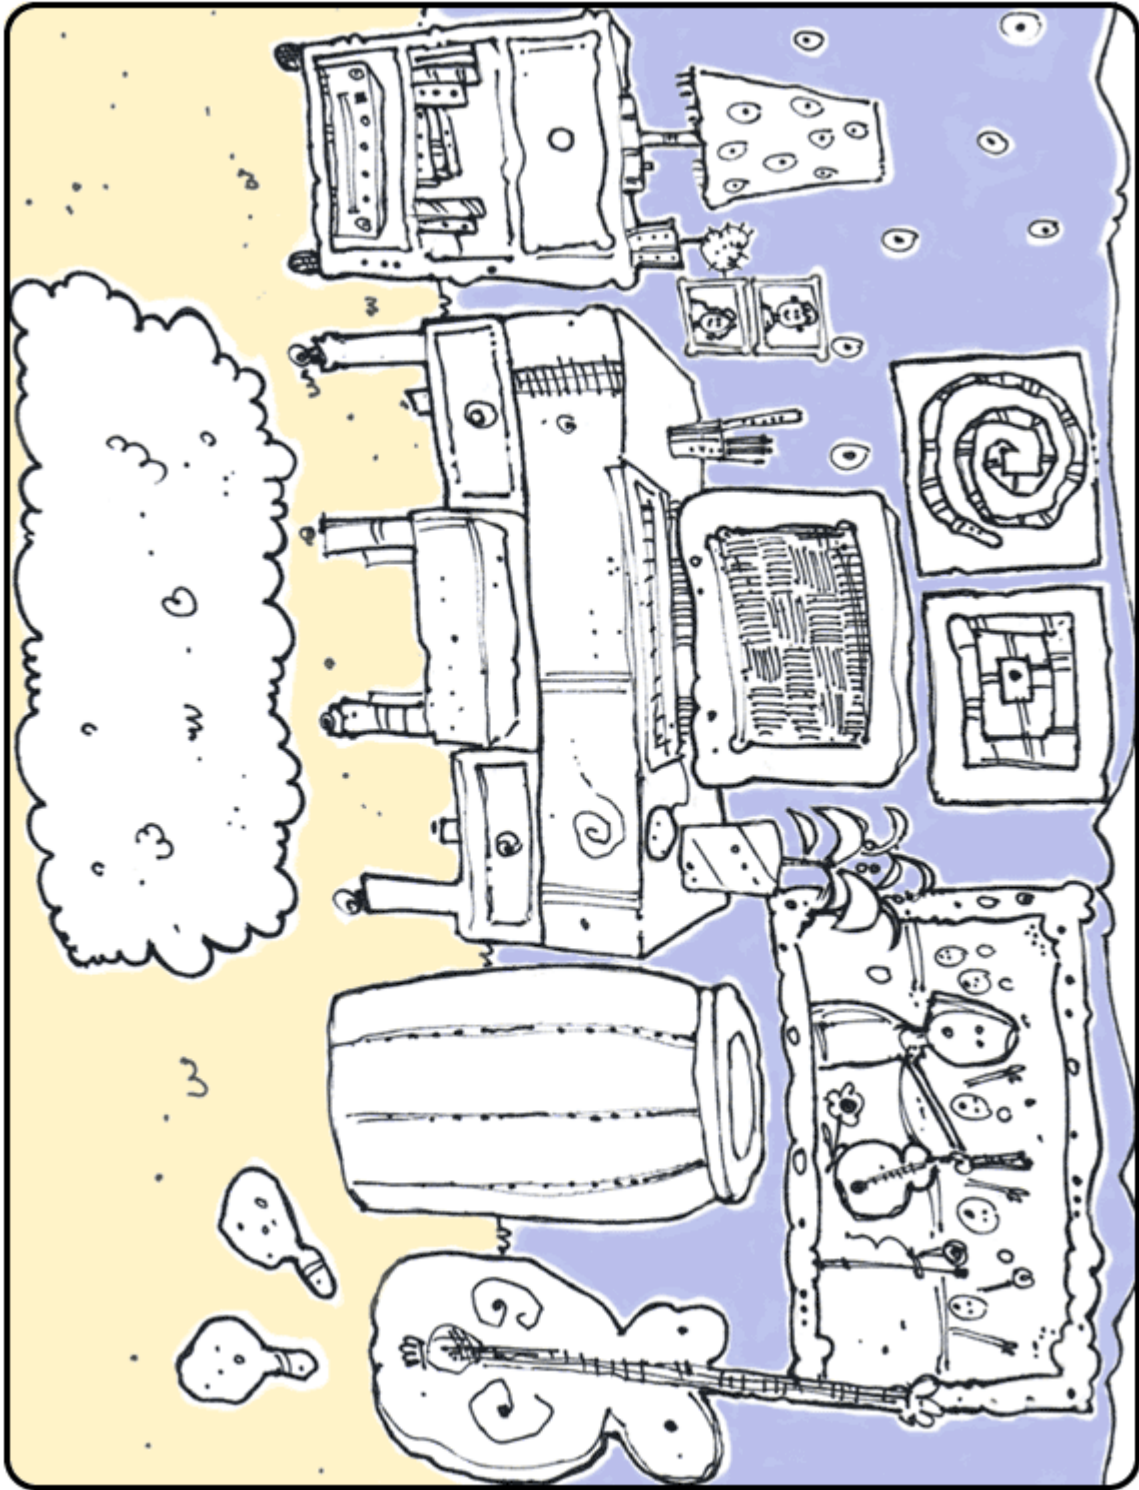

There's a family of characters to print off and colour as well. Why not use them to tell the stories you think of as you wander around the rooms? Choose which bedroom you think the children belong to. What sort of games would you play in the different rooms?
