

Student Profile

Robert Cooper

Why did you choose to come to Newcastle?

I chose Newcastle because it's a great city that is big enough to have everything you need but small enough to feel welcome and comfortable. Also, the lecturers seemed really good!

What do you enjoy most at Newcastle?

Studying and lectures. Especially since most of the lecturers are excellent!

What subjects did you study for A-Level?

Maths, Further Maths and Physics.

What are your favourite modules?

Chaos, Electromagnetism, Differential Equations.

What are you going to specialise in?

Applied Maths.

What do you want to do after Uni?

Possibly a PhD—but if not, something engineering-based.

And finally ... What is your favourite Maths joke or chat-up line?

Son: "Dad, it's so cold in here" Dad: "Go stand in the corner" Son: "Why?" Dad: "The corner's 90 degrees"
