

Student Profile

Jordan Day

Why did you choose to come to Newcastle?

There is a wide choice of modules and I like the way the course is taught.

What do you enjoy most at Newcastle?

The night life!
And how the campus is located right in the city centre.

What subjects did you study for A-Level?

Maths, Physics and Chemistry.

What are your favourite modules?

Vector Calculus, Chaos Theory and Differential Equations.

What are you going to specialise in?

Applied Maths.

What do you want to do after Uni?

Maybe go into Teaching, or some area of Applied Maths.

And finally ... What is your favourite Maths joke or chat-up line?

i says to π : "Be rational"... ... π says to i : "Get real" !
