

Student Profile

Ryan Fountain

Why did you choose to come to Newcastle?

The Open Day was the best out of the Universities I went to see, and I liked how close the Uni was to the city centre.

What do you enjoy most at Newcastle?

The lecturers are really approachable.
The course society—MathSoc—is great!

What subjects did you study for A-Level?

Maths, Further Maths, Biology and Physics.

What are your favourite modules?

Chaos Theory and Applied Probability.

What are you going to specialise in?

Statistics.

What do you want to do after Uni?

Actuarial / Auditing work.

And finally... What is your favourite Maths joke or chat-up line?

Why did I divide Sine by Tan? Just Cos...
