

**MAS1403**

**Quantitative Methods for  
Business Management**

Semester 1, 2016–2017

**Lecturer: Dr. Daniel Henderson**

# Plan for today

- Useful module information (approx 10 mins)
- Chapter 1 - Collecting & Presenting data
- Tasks for this week

# Lecture 1

## COLLECTING AND PRESENTING DATA

# Your tasks for this week!

1. Look at your **personal** timetable to see which tutorial session you are allocated to.
2. Read through your notes again and take a look at the ReCap recording of the lecture (if necessary) on Blackboard.
3. Read through and attempt as many of the tutorial exercises as you can (they are on page 6 of the notes). Don't worry if you can't do them all — help will be available in the tutorials!
4. Bring your notes booklet and calculator to your tutorial.
