

MAS1403

**Quantitative Methods for
Business Management**

Semester 1, 2016–2017

Lecturer: Dr. Daniel Henderson

Tutorials/computer practicals

- This week tutorials are replaced by **computer practicals** (check timetables for rooms);
- ... you will be taught how to use the “NUMBAS” software to access the **Computer Based Assessments** (CBAs).
- You will need your **university username** and **password** to log on to the computers – check that you know what these are before your practical.
- Feel free to also ask questions/check answers to the Chapter 2 exercises (on page 14).

Lecture 2

GRAPHICAL METHODS FOR PRESENTING DATA

Your tasks for this week!

1. Come along to your timetabled computer practical session.
2. In your own time, read through the notes for this Chapter and attempt the Exercises on page 14. Solutions will be available at the end of the week.
3. If you have any questions, then just ask!
