

Have a go activities

Here are some things to try:

Chirun LaTeX sample

- Download the [sample file](#) (right click and save)
- Open the [Chirun public upload tool](#)
- Try out the upload tool

You can try making changes and re-uploading.

Chirun Markdown sample

- Download the [markdown zip sample](#). This one is a zip file because it contains images.
- Open the [Chirun public upload tool](#)
- Try out the upload tool

You can try making changes and re-uploading.

Numbas Programming Demo

- Open up the [Numbas programming demo](#)
- Have a go at some Python or R!
